HRH Prince Radu of Romania

Message of HRH Prince Radu of Romania on the occasion of Racing Pigeon Olympiad

This year, Romania becomes, for the first time, the host of the Racing Pigeon Olympiad, gathering in Oradea pigeon fanciers from seventy countries.

Traveling pigeons have brought pride to our country throughout history, by transmitting messages quickly and efficiently during the Two World Wars, and nowadays by taking part in international pigeon competitions.

In 2015, I became the Patron of our National Federation of Pigeon Breeders, in recognition of an organization that is a model for Romanian society.

I send my warmest greetings to all Romanian and foreign pigeon lovers, participants in the 37th edition of the Olympiad.

HRH Prince Radu of Romania

Mesajul Alteței Sale Regale Principele Radu al României cu ocazia Olimpiadei Porumbeilor Voiajori

România devine anul acesta, pentru prima oară, gazda Olimpiadei Porumbeilor Voiajori, reunind la Oradea columbofilii din șaptezeci de țări.

Porumbeii voiajori au adus mândrie țării noastre, de-a lungul istoriei prin transmiterea mesajelor rapid și eficient în timpul celor două războaie mondiale, iar în prezent prin participarea la competițiile columbofile internaționale.

În anul 2015, am acordat Înaltul Patronaj Federației Naționale a Crescătorilor de Porumbei în semn de recunoaștere a unei organizații care reprezintă un model pentru societatea românească.

Transmit salutul meu călduros tuturor columbofililor români și străini, participanți la cea de-a 37-a ediție a Olimpiadei.

Radu al României

*Nicolae-Ionel Ciucă,
The Prime Minister of Romania*

The message of Nicolae-Ionel Ciucă, the Prime Minister of Romania addressed to the 37th Racing Pigeon Olympiad

I want to wish a warm welcome to all the delegates and participants of the 37th Racing Pigeon Olympiad. I am proud that Romania is the host this year, we can send a friendly greeting to the fanciers that came from over 30 countries of Europe, Southern America, Northern America, Asia and Africa.

People's messenger of hope, racing pigeon was thousands of years the most important way of communication at a distance, and after 1900 it was a reliable ally of the armed forces.

I am happy to note that, more than ever in our history, Romanian pigeon fanciness has become a point of reference worldwide. The organization of this international pigeon fancier event represents a well-deserved recognition of the selection efforts made by Romanian fanciers.

Congratulations to the Romanian pigeon fanciers for the exceptional results they have achieved in recent years and, equally, my respect to the leadership of the Romanian National Federation of Pigeon Breeders for organizing this extraordinary event!

I also want to thank the International Pigeon Fanciers Federation for the opportunity offered Romania to host this large-scale event. I conclude by wishing all the participants of the Racing Pigeon Olympiad a pleasant stay in Oradea, this city-symbol of Romania's modernization, and much success in the activity they carry out!

Mesajul premierului Nicolae-Ionel Ciucă adresat ediției din acest an a Olimpiadei Columbofile

Doresc un călduros bun venit tuturor delegaților și participanților la cea de-a 37-a ediție a Olimpiadei Columbofile. Sunt foarte bucuros că, de aici, din România, putem transmite un salut prietenesc columbofililor din cele peste 30 de țări participante, atât din Europa, cât și din America de Sud, America de Nord, Asia și Africa.

Mesager de nădejde al oamenilor, porumbelul voiajor a fost mii de ani cel mai important mod de comunicare la distanță, iar după 1900 a fost un aliat de nădejde al forțelor armate.

Mă bucur să remarc faptul că, mai mult decât oricând în istoria noastră, columbofilia românească a ajuns un punct de referință pe plan mondial. Organizarea acestui eveniment columbofil internațional reprezintă o recunoaștere meritată a eforturilor de selecție pe care columbofilii români le-au depus.

Felicitări columbofililor români pentru rezultatele excepționale pe care le-au obținut în ultimii ani și, în egală măsură, respectul meu conducerii Federației Naționale a Crescătorilor de Porumbei din România pentru organizarea acestui extraordinar eveniment!

De asemenea, vreau să mulțumesc Federației Columbofile Internaționale pentru prilejul pe care l-a oferit României de a fi gazda acestui eveniment de amploare.

Închei prin a ura tuturor participanților la Olimpiada Columbofilă ședere plăcută în Oradea, acest oraș-simbol al modernizării României, și mult succes în activitatea pe care o desfășoară!

Istvan Bardos
FCI President

The message of Istvan Bartos, the FCI President

Dear Pigeon Fanciers! Dear Sport Friends!
Ladies and Gentlemen!

Welcome you to the 37th Racing Pigeon Olympiad in August 2022!
We have been through a testing period for the pigeons and the people.

The Covid epidemic that started in 2019 reshaped our competitions, our exhibitions, and the racing pigeon sport, as well as changed our lives.

In addition to the problems caused by Covid, climate change presents new challenges for racing pigeons, as the increasingly hot weather, is not only unfavorable to competitions but also not ideal for long-term racing.

The leadership of the FCI and the national federations must find the optimal answers to the issues of racing and climate change.

Even in the most difficult time, we hoped, we were optimistic, and we planned our future - the future of racing pigeons.

Our persistence at the 37th Racing Pigeon Olympiad is the result of our determination, as we organized competitions, and achieved successes and results even in the most difficult periods. Those achievements can be seen here in Oradea in the results of our sport and standard pigeons that are exhibited at the 37th Racing Pigeon Olympiad.

The FCI and the Romanian Federation have taken an action that was previously unimaginable: we organize the Olympics in the summer for the first time in the history of sports.

I believe that this world event, to be held between August 12-14, 2022, will strengthen the world's racing pigeon sport, strengthen the racing pigeon industry, and strengthen the relationship along countries.

The pigeon is a symbol of peace. During the days of the Olympics, we all hope that people can live in peace again in neighboring countries and on other continents as well!

Let us, pigeon fanciers say that in the spirit of compassion, we will help and comfort the weak and defenseless, regardless of national borders, differences in political or economic systems, or ideological and religious beliefs. We work for a peaceful world!

Hundreds of millions of people around the world want to see the symbol of peace: "Pigeons without Borders".

Istvan Bardos
FCI President

Mesajul lui Istvan Bartos, președintele FCI

Dragi Columbofilii! Dragi prieteni ai sportului columbofil!
Doamnelor si domnilor!

Bun venit la cea de-a 37-a editie a Olimpiadei Porumbeilor voiajori din august 2022!

Am trecut printr-o perioadă de testare atat pentru porumbei cat și pentru oameni.

Epidemia de Covid care a început în 2019 ne-a remodelat concursurile, expozițiile și sportul columbofil in general, de asemenea ne-a schimbat viața.

Pe lângă problemele cauzate de Covid, schimbările climatice prezintă noi provocări pentru porumbeii voiajori, deoarece vremea din ce în ce mai caldă nu este deloc favorabila concursurilor, de asemenea va avea un impact si pe termen lung.

Conducerea FCI și a Federațiilor naționale trebuie să găsească răspunsurile optime la problemele legate de concursuri și a schimbărilor climatice.

Chiar și în cel mai dificil moment, am sperat, am fost optimiști și ne-am planificat viitorul - viitorul porumbeilor voiajori.

Prezenta noastră la a 37-a editie a Olimpiadei Porumbeilor voiajori este rezultatul determinarii noastre, întrucât am organizat competiții, și am obținut succese și rezultate chiar și în cele mai dificile perioade. Acele realizări pot fi văzute aici, la Oradea, în rezultatele porumbeilor noștri sport și standard care sunt expuși la aceasta Olimpiada.

FCI și Federația Română au întreprins o acțiune până acum de neimaginat: organizarea Olimpiadei in aceasta vara, pentru prima dată în istoria sportului columbofil!

Cred că acest eveniment mondial, care va avea loc în perioada 12-14 august 2022, va consolida sportul mondial cu porumbeii voiajori, va consolida industria porumbeilor voiajori și va consolida relația dintre tari.

Istvan Bartos,
președintele FCI

Florin Birta
The mayor of Oradea

The message of Florin Birta the mayor of Oradea

Ladies and Gentlemen, Dears all,

It is a real honor for Oradea to host the Pigeon Olympiade, a world-class event that brings together delegates from dozens of countries and pigeons from around the world to our city. Such an event puts Oradea on the map of major European cities and reinforces the idea that our city is friendly and opened to those who want to visit it.

Especially since the dove has always been the bearer of good news, the giver of hope, a true messenger of peace and friendship. An element that strengthens the importance of the dove is the biblical account that tells us that this bird informed Noah that the waters of the flood had receded and there was life on earth, seeking the friendship of human beings.

It is also known that in history, pigeons were sent on reconnaissance or even on missions to transmit important messages that have saved lives of many people. So the pigeon breeding has deep roots and is as old as human history. The Pigeon Olympiades thus gives us the opportunity to exchange experiences, to share our knowledge, and, in addition, to us as hosts, it gives the opportunity to learn new things.

From fanciers we can learn how to live in harmony with nature and how to understand better the environment, and we could very well be inspired by pigeons of how to embrace the "rehomeing feeling".

Because that's what they do, they have an instinct to go back to where they left off, and that's why they manage to travel hundreds or even thousands of miles and get back home safely.

In the end, I would like to thank the organizers for choosing Oradea as a venue for this great event and I welcome all participants and visitors to our city and wish you all the best.

Florin Birta
The mayor of Oradea

Mesajul domnului primar de Oradea - Florin Birta

Doamnelor și domnilor, dragi organizatori,

Este o adevărată onoare pentru Oradea să găzduiască Olimpiada columbofilă, un eveniment de talie mondială care reunește delegați din zeci de țări și aduce în orașul nostru porumbei din întreaga lume. Un astfel de eveniment pune Oradea pe harta marilor orașe europene și întărește ideea potrivit căreia orașul nostru este unul prietenos și deschis celor care vor să-l viziteze.

Mai cu seamă că porumbelul a fost întotdeauna aducătorul veștilor bune, dătătoare de speranță, un adevărat mesager al păcii și prieteniei. Un element care întărește importanța porumbelului este relatarea biblică care ne spune că această pasăre i-a dat de știre lui Noe că apele potopului s-au retras și că există viață pe pământ, căutând prietenia omului.

De asemenea, este știut faptul că, în istorie, porumbeii erau trimiși în recunoaștere sau chiar în misiuni de transmitere a unor importante mesaje care aveau să salveze vieți omenești. Deci, îndeletnicirea de a crește porumbei are rădăcini adânci și este la fel de veche ca istoria omului. Olimpiada Porumbeilor ne dă astfel oportunitatea să facem schimb de experiențe, să împărtășim din cunoștințele noastre, iar, în plus, nouă ca și gazde, ne oferă prilejul să deprimem lucruri noi.

De la crescători putem să învățăm cum să trăim în armonie cu natura și cum să înțelegem mai bine mediul înconjurător, iar de la porumbei am putea foarte bine să ne inspire sentimentul de apartenență: la neam, la țară, la cei apropiați, la glie. Pentru că ei asta fac, au un instinct de a se reîntoarce de unde au plecat, de aia și reușesc să străbată sute sau chiar mii de kilometri și să revină acasă.

Mulțumesc pe această cale organizatorilor pentru că au ales Oradea pentru acest eveniment și le urez tuturor participanților și vizitatorilor un bun venit în orașul nostru.

Florin Birta
Primarul municipiului Oradea

*Marius Tunduc,
The President of Columba*

The message of Marius Tunduc, the President of Columba

It is a great honor for us, the Romanian fanciers, to be the host of this special event, and more so to have you as guest in our country. This way we want to thank FCI for offering this opportunity, Oradea for the warm welcome, and my colleagues of my team for the huge work done for this event! You are all wonderful!

The organization of the 37th edition of the Racing Pigeon Olympiad was probably the most challenging project for us as federation, and for me personally as the president of the federation. Postponed twice, caused by the Covid-19 restrictions, the 37th edition of the Olympiad is organized in the summer to be sure that we won't have any restrictions.

I know that this isn't the best time for organization, but I also know that this wintertime will be as complicated as we expect it to be: Covid, war, economic crisis.

We all know that our passion for racing pigeon does not take into account trials and challenges, and the moment we wait for the pigeons trained for the competition, our eyes are fixed on the sky, we forget all the problems, the adrenalin embrace our senses, and we become one with the bird that lands on the antenna. Once you get to taste this feeling, it sticks with you for the rest of your life, and it makes us looking forward to the next competition, next landing, next victory.

I invite you to celebrate together the first Olympiad post Covid, embraced by the Romanian hospitality and the sweet reunion, after all this 3 years full of unknown!

Welcome to Romania! Welcome to Oradea!

Marius Tunduc,
The President of Columba

Mesajul lui Marius Tunduc, președintele Columba

Este o onoare pentru noi, columbofilii români, să fim gazdele unui eveniment atât de special și mai ales să vă avem ca oaspeți în țara noastră. Mulțumesc pe această cale FCI pentru că ne-a oferit această oportunitate, orașului Oradea pentru primirea calduroasă și colegilor mei din echipa de organizare pentru munca uriașă depusă pentru acest eveniment! Sunteți minunați cu toții!

Organizarea ediției a 37-a a Olimpiadei columbofile a fost poate cel mai provocator lucru pentru noi ca federație și pentru mine personal ca și președinte al acesteia. Amânată de două ori din cauza restricțiilor cauzate de Covid 19, Olimpiada cu nr 37 este organizată vara tocmai pentru a fi siguri că nu vom avea parte de restricții.

Știu că nu este cea mai bună perioadă pentru organizare însă mai știu că și iarna care vine va fi la fel de complicată: Covid, război, criza economică...

Dar mai știu că pasiunea noastră pentru porumbeii de curse nu ține cont de probleme și provocări și că în momentul în care așteptăm porumbeii de la un concurs, cu ochii ațintiți la cer, uităm de toate problemele și adrenalina ne cuprinde simțurile iar noi devenim una cu pasărea care aterizează pe trapa crescătoriei. Sentimentul ăsta, odată gustat, rămâne pentru toată viața în noi și ne face să visăm mereu la următorul concurs, la următoarea sosire, la următoarea victorie...

Vă invit să ne bucurăm împreună de prima Olimpiadă de după Covid, de ospitalitatea românească și mai ales de revederea unii cu alții după acești aproape 3 ani de incertitudini!

Bine ați venit în România! Bine ați venit în Oradea!

Marius Tunduc
Președinte Columba

IMPACT - 250ml

IMPACT is the product that revolutionizes racing and helps pigeons increase their speed exponentially. It optimizes the level of oxygen in the blood, amplifies the metabolism, thus favoring the production of the necessary energy and its release and all this legally, without being considered doping!

 5 ml per 2-3 liters of water.

Protein Tab - 90tabs

Ensures rapid recovery of muscle mass, stops the production of lactic acid, reduces fatigue, reduces inflammation and pain, increases immunity and decreases the risk of disease and improves digestion, increases blood flow, and thus the capacity of the body to exert effort.

 1-2 tablets/pigeon after the race.

Vit Amino - 250ml

Nutritional supplement with a balanced composition of vitamins and amino acids essential for racing pigeons.

 3 ml per 2 liters of drinking water.
